

Dear Friends,

We hope this letter finds you safe and well. These last several months have been a real challenge with regard to trying to resume face to face worship. In evaluating all our criteria as well as following the guidelines of Presbytery, the CDC and Florida Health Department this task became a difficult one. Taking into account all those components we are not able to open our doors to resume worship services at this time. We however have been working very hard on being able to bring you the audio-visual church services via the internet. It has been a lot of coordinating but we are happy to announce that barring any technical difficulties beginning Sunday, August 16<sup>th</sup> you will be able to enjoy Sunday worship with Dr. Bailey, Dr. Beckman and Bruce Thomson. It will, at the beginning, be a condensed version of the Sunday worship service but as we become acclimated to using this new system, we can add additional components. Even after face to face worship resumes this link will be available for your viewing on our website. The hope is that with this new addition to Peace Church you will have your spiritual needs satisfied until we can open our church doors for worship. We are blessed to have a congregation of talented individuals who give of their time to help Peace Church join the many churches with online worship. We have purchased pre-packaged communion elements that will be available to you so that you can partake of communion at home. Watch our website for details of any changes relating to our startup date and the distribution of communion elements.

On our church website there is a link that will direct to where you can view the church service. We are all looking forward to the day when we can resume face to face worship but in the meantime, this is a great alternative.

Be safe.
