

Volunteers are the heart of House of Hope — about 160 strong. Please join the team of people who share their time and talents!

Where would I volunteer? And what would I do?

- ◆ You can choose any of House of Hope’s four locations: Stuart, Hobe Sound, Indiantown and Jensen Beach.
- ◆ You can volunteer in the food pantries and thrift stores, assist case managers, help with special events, perform administrative tasks, do food pick-ups at grocery stores, plus any good idea you may have!

What is the time commitment?

Most volunteers work one or two four-hour shifts per week, but it could vary, depending on your volunteer role.

How do I get started?

Contact volunteer manager Kelly McIntyre at (772) 286-4673, ext. 1004, or kelly@hohmartin.org. You may also download an application at www.hohmartin.org/volunteers.

Volunteers help maximize funds toward helping people

At House of Hope, 90 cents on every dollar donated goes back into programs. One of the reasons for our low administrative costs stems from the 40,000+ hours of service our volunteers provide each year.

15549 SW Warfield Blvd.

Just south of Adams Ave.

Jensen Beach branch (ext. 1400)

1090 NE Jensen Beach Blvd.

ACE Hardware plaza

Purchases at our thrift stores make up one-third of the funds needed for House of Hope to operate its programs to help local people overcome hunger and hardship. Donations of clothing, household items and furniture are greatly appreciated.

House of Hope offers free pick-up of furniture and appliances in Martin County with advance notice. Call (772) 286-4673, ext. 1019, to schedule a pick-up.

About House of Hope

House of Hope has been providing basic human needs for struggling Martin County residents since 1984. All services — food, clothing, furniture, financial assistance, information & referral — have been nested within Project HOPE (Helping Others Progress through Empowerment), ensuring that all people seeking help receive some level of case management. This helps to examine the root causes of people's needs and opens a dialogue about further channels of assistance. Each person's level of service is determined case-by-case. Collectively, the services provided through Project HOPE are designed to offer people the greatest opportunity for health, financial stability and life success.
